

## VACANCY EHS INSPECTOR

CCC Group is an internationally ranked general contractor providing a broad scope of construction, maintenance and fabrication services to various industrial markets throughout the U.S. and in select foreign regions like the Caribbean.

We are dedicated to performing work to the highest standards coupled with striving to exceed our clients' expectations to deliver solutions based on our expertise backed by superior safety and quality principles. Through our regional office in Suriname, we successfully carry out several construction projects for the local and regional market with the highest management, quality and safety standards.

### Job Summary:

The Safety Inspector supports a project by assisting in the field and administration of EHS programs to maintain a safe and healthy work environment. You respect deadlines, are proactive and work autonomously. Conduct regular walk-through inspections of construction areas. Participate in employee EHS on-boarding program to include new hire mentoring assignments; develop emergency action plans. Participate in safety meetings with the client.

### Required Knowledge and Skills:

- Ability to research & comprehend government and client EHS regulations.
- Ability to recognize hazardous situations & recommend corrective measures.
- Ability to perform job safety analysis, conduct toolbox and safety meetings, and provide training on several safety subjects.
- Proficiency with standard office software.
- Good communication skills, both written and oral.
- Fluent in the English language (Speaking, Listening, Reading, Writing) is required.
- Good interpersonal skills.
- Willing and able to gain additional training, certification, education, and clearances as required.
- Stress-resistant (able to work towards deadlines efficiently).
- Proactive, able to take initiatives & flexible.
- Strong communication & interpersonal skills to perform successfully in a fast-paced and client-oriented environment.
- Strong organizational skills (able to successfully handle multiple tasks at the same time and to prioritize).

### Required Qualifications:

- Minimum a Technical Highschool Diploma (NATIN-AMTO) with knowledge and experience in the requested field
- Associate degree in occupational safety/health. (Significant additional EHS experience may be considered in lieu of degree.)
- At least two years construction and/or industrial EHS experience.

### Company Compensation:

- Attractive salary and benefits compatible to the local market.
- Opportunity to career growth and development.
