

MINES SERVICES SURINAME **AND CCC GROUP** **FORM STRATEGIC COLLABORATION** **FOR SEOGS 2024**

Mines Services Suriname and CCC Group are proud to announce their strategic collaboration for SEOGS 2024, marking a significant milestone in their shared commitment to delivering exceptional services in various industries.

With CCC Group's extensive experience in industrial construction and fabrication services across the United States and selected foreign countries, including Suriname, this collaboration promises to elevate service standards and offer clients superior expertise.

"We are eager to kick off this strategic collaboration with CCC Group for SEOGS 2024," said Jop Fitz Jim, Managing Director at Mines Services Suriname. The collaboration between Mines Services Suriname and CCC Group represents a strategic alignment of strengths and resources, aimed at driving mutual growth and success."

By joining forces with CCC Group, Mines Services Suriname aims to leverage their partner's core competencies and vast experience in the Oil, Gas, and Chemicals sectors to deliver tailored solutions that meet international standards.

This collaboration not only strengthens Mines Services Suriname's position in the market but also reinforces their commitment to providing clients with superior quality and 24 hours reliable service.

As they prepare to showcase their combined capabilities at SEOGS 2024, both organizations are confident that this collaboration will unlock new opportunities and deliver exceptional value to clients in Suriname and beyond.

About CCC Group:
