INDUSTRIAL CONSTRUCTION

A low-angle, upward-looking photograph of a complex industrial structure, possibly a refinery or chemical plant. The image shows a dense network of metal pipes, walkways, and structural beams against a clear blue sky. The lighting is bright, creating strong shadows and highlights on the metallic surfaces. The overall tone is industrial and professional.

OUR BUSINESS

Founded in 1947, CCC Group provides integrated construction and fabrication services to industrial markets in the United States and abroad. With safety embedded in our culture, we are dedicated to our work, adding value for our clients while maintaining a prosperous, professional environment for our employees.

FIELD FOCUSED

At CCC Group, we understand the significance of being entrusted with our clients' operations. Our company's processes, procedures and structure are designed to ensure that our client and our field team are PRIORITY. Since our teams self-perform the majority of the work, the client experiences greater efficiencies and a higher degree of coordinated work.

OUR VALUES

The founders of CCC Group were individuals who began their careers working in the field. Their appreciation for the demanding challenges of construction project execution, often in remote locations and in all types of environments, set the tone for the values the company would uphold as we serve our clients.

Our values fuel our commitment to your project and your success.

ETHICS – The moral principles that govern our actions with colleagues and clients foster mutual success beyond project completion.

DEDICATION – Our dedication to quality work in every aspect and at every step ensures your project will be completed to spec.

INTEGRITY – Beyond delivering sound and reliable construction projects to our clients, the integrity by which we operate extends to everything we do.

TEAMWORK – It is essential and crucial. Working with a common goal, we utilize our talents across the company in a shared, supportive and collaborative environment.

MOTIVATION – In the work we do, we are self-motivated to use our vast experience, best practices and expertise to tackle projects in the safest and most efficient manner.
